

Jolaukun is code word for Juleokin, the fanbase of pro-musician, Julius the Jules. This secret code language only changes the vowels around, but not the consonants. Jolaukun is meant for the English language only.

Chart:

A = E

E = A

I = O

O = U

U = I

Examples:

Jisaph Denua! Smuth seys u liva yio = Joseph Daniel Smith says I love you.

This language is better when spoken aloud, otherwise it can be too easy to learn.

I hereby release this secret code, Jolaukun, under a No Rights Reserved or CC0 license.
